1.0 History of Central Cemetery, East Bridgewater, Massachusetts:

The East Bridgewater Central Cemetery was organized in 1845 by a group of civic minded citizens for the purpose of providing “a modern non-sectarian cemetery near the center of East Bridgewater.”

The cemetery was founded as part of the New England rural garden cemetery movement, which sought the creation of places with a park-like atmosphere of aesthetic beauty for the burial of the dead. In the words of a noted scholar of the movement, the rural garden cemetery effort focused on “the genius of place”, with topographical features conducive to design of a picturesque landscape.”

Located first on Old Forge Pond Hill, the Cemetery soon moved to its present location, behind what was then the First Parish Unitarian Church on Central Street, to make way for the new railroad that passed through town. Most fortunately, the cemetery was able to acquire lovely, naturally hilly pieces of property for its new siting. In the following century and on-half, the Cemetery Corporation acquired several new pieces of land, with the Cemetery now comprising approximately seventeen acres of landscaped grounds. There are now several sections to the cemetery, each with a different type of landscape, but with the same sense of reverence, atmosphere, and aesthetic.

The Proprietors and Trustees of the Cemetery envision the park-like grounds of the cemetery as both a place of remembrance of those buried there and as a place for walking, and quiet reflection. The town is fortunate to have this landscaped and open space available for the enjoyment of its citizens.

The Proprietors and Trustees are committed to preserving and enhancing the Cemetery’s legacy, beauty, and simple New England character. They have written and adopted the new and updated Rules and Regulations contained in this document for the furtherance of these goals. Because not all lots and gravesites are currently in compliance with all the revised Rules and Regulations, they will implement them carefully and thoughtfully, keeping in mind the interests and needs of all involved.

Perpetual Care is to be understood as that care and maintenance necessitated by natural growth and ordinary wear, and includes efforts of the staff in the care of the Cemetery including tasks such as cutting of lawns, tree care, cleaning and maintenance of grounds, roadways, walks and buildings, provided there is sufficient income funds for these purposes. Perpetual Care income does not mean the maintenance, repair or replacement of any memorial (i.e. monuments or markers) placed or erected upon any lot or grave: nor the planting, cutting, watering or care of any privately planted flowers, etc., nor does it mean the reconstruction of any memorials/markers or special work on a lot or grave.

All types of approved memorials or markers to be placed on said graves remain the property of the individual License Holder. Therefore, any safety concerns, damage due to weather, acts of God, vandalism, malicious mischief, or theft, are the owner's responsibility and should be included on their home owner's insurance policy.

A temporary memorial when provided by the Funeral Home for a deceased individual may be placed at the head of the grave at the time of interment services; however, they will be removed in a timely manner and are considered as part of grave decoration and not a permanent memorial.
